Retailer QP (RAS/Q202) level 5.0 with minimum pass percentage: 80%	Recommended that the Assessor is certified for the Job Role; Assessor (VET and SKILLS)", mapped to the Qualification Pack "MEP/Q2701, V2.0" with minimum score of 80%

Assessment Strategy

This section includes the processes involved in identifying, gathering and interpreting information to evaluate the learner on the required competencies of the program.

Assessment will be done by RASCI-affiliated assessment agencies. The assessors / proctors will be trained & certified by SSC through Training of Assessors / Proctors program. The emphasis will be on practical skills and knowledge based on the performance criteria. The assessment papers are developed by Subject Matter Experts (SME), as per the assessment criteria mentioned in the Qualification Pack. The assessment papers are also checked for the various outcome-based parameters such as quality, time taken, precision, tools & equipment requirement, etc. The assessment sets are then reviewed by SSC official for consistency.

Testing Tools

- Carry out assessments under realistic work pressures that are found in the normal industry workplace.
- Ensure that the range of materials, equipment, and tools that learners use are current and of the type routinely found in the normal industry workplace environments.

Assessment Type	Formative or Summative	Strategies
Theory	Summative	(Web proctoring/Paper pencil/Tab based): Written test will be Multiple Choice Questions (MCQ) based. In case of availability of internet connectivity, the test will be hosted on web (online). In case of absence of internet connectivity, the test will be administered in offline mode on a tablet or via paper pencil.
Practical/Viva Voce	Summative	This test will be administered through online digital assessment platform in the form of situation based / case based multiple choice questions

The assessment results are backed by evidences collected by assessors.

1. The assessor / proctor needs to collect a copy of the attendance for the training done under the scheme. The attendance sheets are signed and stamped by the in charge / Head of the Training Centre.
2. The assessor / proctor needs to verify the authenticity of the candidates by checking the photo ID card issued by the institute as well as any one Photo ID card issued by the Central/Government. The same needs to be mentioned in the attendance sheet. In case of suspicion, the assessor should authenticate and cross verify trainee's credentials in the enrolment form.
3. The assessor / proctor needs to punch the trainee's roll number on all the evidences.
4. The assessor / proctor can take a photograph of all the students along with the assessor standing in the middle and with the centre name/banner at the back as evidence.
5. The assessor also needs to carry his/her photo ID card.

The assessment agencies are instructed to hire assessors / proctors with integrity, reliability and fairness. Each assessor shall sign a document with its assessment agency by which they commit themselves to comply with the rules of confidentiality and conflict of interest, independence from commercial and other interests that would compromise impartiality of the assessments.

Assessment Strategy for Employability Skills

The trainee will be tested for the acquired skill, knowledge, and attitude through formative/summative assessment at the end of the course and as this NOS and MC is adopted across sectors and qualifications, the respective AB can conduct the assessments as per their requirements.

Glossary

Term	Description
Declarative Knowledge	Declarative knowledge refers to facts, concepts and principles that need to be known and/or understood in order to accomplish a task or to solve a problem.
Key Learning Outcome	Key learning outcome is the statement of what a learner needs to know, understand and be able to do in order to achieve the terminal outcomes. A set of key learning outcomes will make up the training outcomes. Training outcome is specified in terms of knowledge, understanding (theory) and skills (practical application).
OJT (M)	On-the-job training (Mandatory); trainees are mandated to complete specified hours of training on site
OJT (R)	On-the-job training (Recommended); trainees are recommended the specified hours of training on site
Procedural Knowledge	Procedural knowledge addresses how to do something, or how to perform a task. It is the ability to work, or produce a tangible work output by applying cognitive, affective or psychomotor skills.
Training Outcome	Training outcome is a statement of what a learner will know, understand and be able to do upon the completion of the training.
Terminal Outcome	Terminal outcome is a statement of what a learner will know, understand and be able to do upon the completion of a module. A set of terminal outcomes help to achieve the training outcome.
